

Welder/Fitter

Come join our Team! Our company is continuing to grow and would like you to prosper with us. We are looking for individuals who desire a challenge and want to be part of custom manufacturing. We're currently looking for an experienced Welder/Fitter to join our skilled, hardworking team. The ideal candidate will have previous experience running machinery, welding and fabricating equipment, and will be familiar with many aspects of the job. You'll be working on a team that uses the latest technology to produce high-quality parts and you'll enjoy a competitive salary and benefits package.

Prospective candidates should be able to use various tools, equipment and machines. They should possess manual dexterity and be able to keep records, do detailed work and perform repetitive tasks. Other important qualities are resourcefulness, good memory, and an interest in ideas and information.

Essential Job Functions

- Proven experience as welder and/or fitter.
- Safely use and operate various tools including power tools, hoists, and production equipment.
- Perform various welding procedures such as MIG.
- Maintain a clean, orderly work area.
- Read and comprehend engineering drawings, blueprints and specifications to plan.
- Maintain a consistent pace throughout the shift with focus on quality (i.e., within applicable quality standards).
- Maintain regular, reliable attendance and reliable transportation.
- Ability to read, understand, and follow established processes and instructions.
- Follow all safety rules and regulations strictly and maintain a clean and orderly work area.
- Perform duties assigned by Supervisor and/or Group Leader.
- Ability to work alone or as a team.
- State/government issued ID and Social Security card are a must.
- Work overtime as required and mandated by production

Physical Requirements:

- Ability to lift up to 60 lbs. and push/pull up to 100 lbs.
- Ability to bend, twist, turn, kneel, and squat.
- Stand and walk up to eight hours per day and reach overhead continuously.
- Use air/power/vibrating tools and do strong, pincher gripping.
- Work safely around moving equipment, power tools, and industrial vehicles.
- Repetitive use of upper extremities.
